Description

The Port Authority Board supported Bloomington's participation in the Open to Business program beginning in 2013 and continuing in 2014. The program is sponsored by the Hennepin County Housing and Redevelopment Authority. The Port Board is partnering with the Metropolitan Consortium of Community Developers (MCCD), who will provide direct, one-on-one technical assistance services to small businesses in Bloomington. A summary of the services provided to Bloomington residents and businesses in 2014 is included with the agenda. A MCCD representative will be present at the meeting to give a presentation on the program and answer any questions.

Funding was budgeted and is available from the Port Authority General Fund. The Port Authority share of the agreement would be \$8,750.

Requested Action

The Board is requested to approve the Open to Business Agreement with the Metropolitan Consortium of Community Developers (MCCD).
